

BISTRO CHAIR

Lloyd Looms are proud to announce the arrival of the updated bistro chair which will be with us early December and is available for reservation now as we expect it to be very popular.

In giving this classic chair a breath of fresh air, we have retained much of the original bistro chair design whilst giving this much-loved classic a modern twist.

The new bistro chair will be available in the classic Lloyd Looms colour range; Chelsea Grey, Crisp Linen and Soho white.

The new robust design and styling of this handcrafted bistro chair give it the ability to be very versatile with its usage from a beautiful kitchen chair to even a commercial use.

BESPOKE COLOURS

Late July this year saw the introduction and opening of our new workshop and paint shop enabling us to offer bespoke paint finishes to much of our range. This is a service we know is in demand, and although we have not promoted this service, we have already had some fabulous finished pieces.

CELEBRATING THE CARNABY COLLECTION

Spring 2020 saw the introduction of the all new Carnaby collection. This collection offers a more contemporary style of Lloyd Loom, intertwining the traditional design with a more modern feel and sitting comfortably in any home. The collection includes a Swivel Bar Chair, Dining Chair and gorgeous Sitting Chair, all of which are shaped for ultimate comfort.

THANK
YOU

to all of our customers for your devoted support during this very difficult year, not only have you supported us with buying our lovely hand-crafted furniture but also with your patience in waiting for some of the furniture to arrive. We have suffered delays with materials, and combined with an uplift in demand this year it has meant some lead times have slipped on items that are not in stock. We are beginning to return to normal and moving in to 2021 these lead times will reduce.
